WORKING TOGETHER

to keep the industry strong
for the future

NUREMBERG, GERMANY
14 – 17 SEPTEMBER 2022

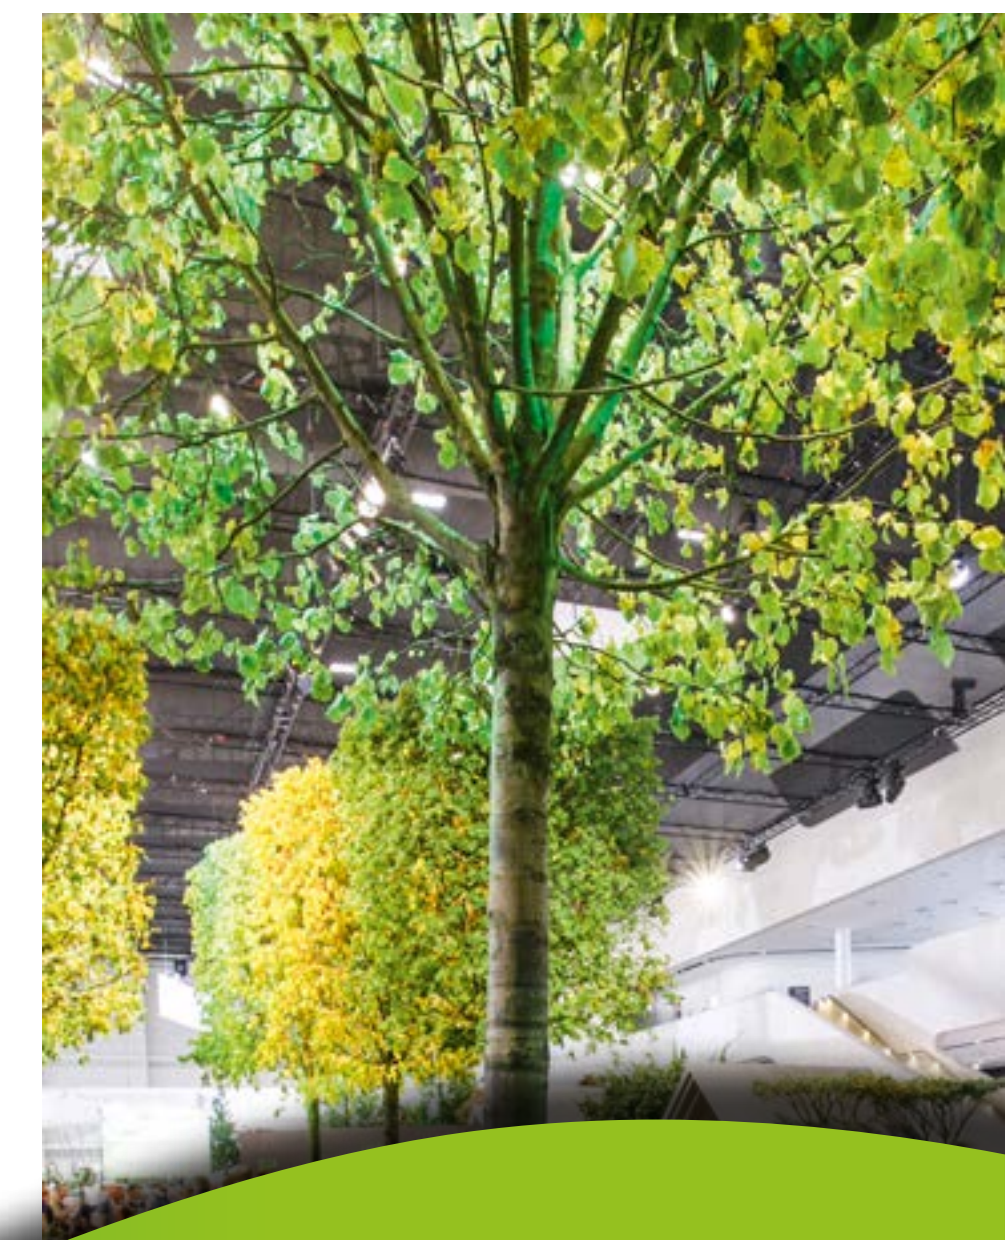

We have missed being able to interact with you in person! Now, finally, we can meet all designers, decision-makers, achievers and visionaries in person once again, and get our collective fingers back on the pulse of the industry.

Discover our extensive range of products and services with all your senses, and be impressed by the power of innovation up close. Experience all the relevant trends in real life, and take irreplaceable live impressions away with you for your day-to-day work. Together we'll tackle the challenges that current developments pose for our sector. Join us and explore alternative paths, discover innovative solutions, and benefit from new revenue potentials.

Are you ready?

We're looking forward to welcoming you!

WORKING TOGETHER

for a climate-friendly future

The signs are all there in your day-to-day work:

Climate change is in full swing. It's a development that both offers, and demands, huge potential for change.

That's why this year's trade fair will include the GREEN-BLUE PATH for the first time. This path takes us symbolically closer to the objective of achieving the changes we need to make for the climate. Get to know new products and solutions from the pioneers in the sector and pick up valuable knowledge and vital inspiration. Participants and stations along our pathway are specially highlighted in the exhibitor and programme overviews, and also on-site.

THE GREEN-BLUE PATH
